STUDENT RÉSUMÉ GUIDE

As a part of the Foundation Scholarship process you are required to demonstrate your ability to correctly complete a résumé.

Your résumé is limited to one page, and must be typed and have a professional appearance. Evaluation and scoring will be based on: The overall balance and appearance of your résumé, aligned margins, use of 10-12 point font in Times, Helvetica, or Arial (18 point font is acceptable in the heading of the résumé), the presentation of your information, grammar, spelling, punctuation, and how well you address each of the six categories listed below. Acronyms are acceptable word forms and are the only form of abbreviations that can be used. Use only the categories listed below. Do not submit any additional information or use modified categories.

Choose a résumé that fits your job history and target position. The chronological résumé is organized by job titles with the most recent position listed first. The functional résumé is arranged into sections that highlight areas of skill and accomplishment. The hybrid résumé is a combination of both.

Prepare a one-page résumé only. Résumés submitted with additional information or categories will not be considered.

Personal Information: Include your name, complete mailing address including zip code, and at least one method of contacting you. If the contact method is other than a home phone, it should be labeled as such.

Career Objective: A career objective is a statement that relates to your targeted position. It is an opportunity to demonstrate that you know specifically what you want to do. In an objective, be specific, and target a position. Use two or three lines maximum.

Education/Training: Include current school and any specialized ROP or career course training you are taking or have completed. Include levels of proficiency obtained, if applicable.

Experience: Include all paid, unpaid, volunteer, community service, internship experience and/or other experience you may have that relates to work experience.

Extracurricular Activities: Include sports, clubs, organizations that you belong to, as well as any community involvement such as tutoring, humanitarian programs, etc.

Special Recognition: Includes being nominated for the ROP Distinguished Student Award, achievements in perfect attendance, Student of the Month awards, academic recognition, or special recognition you have received. List only those items earned during high school or the last two years—which ever one is longer. If multiple awards of the same type have been earned, the subsequent awards can be identified by numbers, years, and/or explanations in parenthesis [i.e. (2) or (2008, 2009) or (3 semesters)].
